Lynsey, the owner and artist behind Yellow Bug Floral, was Inspired by her two daughters after spending many happy days walking through the fields, collecting flowers and interesting bits of nature. Through lots of trial and error she found a way to preserve these flowers and turn them into small keepsakes for her girls to create lasting memories of their walks. This quickly grew into creating keepsake items for family, and friends from their loved ones funeral flowers or happy wedding flowers. Yellow Bug Floral Designs was officially born in 2020 and within the first year had expanded from the home office into a purpose built workshop studio. Lynsey is currently preserving wedding and memorial floral keepsakes full time with help during the busy seasons. Creating loving lifelong pieces for her happy clients.

"I absolutely love the items I ordered, they are such a beautiful preservation of my wedding flowers, Lynsey has done such an amazing job in making such special keepsakes. Thank you!"

"Ordered a bunch of items as I really wanted to make the best use of preserving my wedding bouquet. Thank you."
